**RECEIVED**

**DEC 27 2000**

**FEDERAL COMMUNICATIONS COMMISSION  
OFFICE OF THE SECRETARY**

To: Chief, Allocations Branch  
Policy and Rules Division  
Mass Media Bureau

**PETITION FOR RULE MAKING**

PharrNorth Radio ("PNB"), by its attorneys and pursuant to Section 1.420 of the Commission's rules, hereby requests that the Commission amend its Table of Allotments by amending Section 73.202(b) of its rules to allot Channel 291A to the community of Northome, Minnesota. In support of its position, PNB submits the following:

Northome, Minnesota is a licensable community of sufficient size and development to warrant its own radio station. It has an U.S. Census Bureau 1999 estimated population of 279 residents and is located in Koochiching County. Northome has its own post office and zip code (56661) and its own telephone exchange (897). Northome has a city hall, a school (Northome School), a newspaper (Northome Record), eight churches and numerous commercial businesses, a few of which have chosen to associate themselves with the community of Northome by incorporating its name into their title: eg., Northome IGA Store and Northome Liquor Store. It has its own health care center (Northome Healthcare Center) and its own medical clinic (Northland Medical Clinic). It has its own bank (Northland Community Bank) and at least four (4) restaurants. It is also home to a senior citizen's center and a non-profit organization (Koochiching-Itasca Action Committee) and its own chapter of the Veterans of Foreign Wars. See Attachments. In view of the above, based on the totality of the evidence, Northome,

Minnesota clearly qualifies as a "community" for Commission allotment purposes as it has the required indicia of community status. See Westley, California, 13 FCC Rcd 2470 (1998); Willows and Dunnigan, California, 10 FCC Rcd 11522 (1995). Yet, Northome currently lacks any local aural transmission service.

PNB proposes that Channel 291A be allotted to Northome, Minnesota. The allotment of Channel 291A to Northome will constitute a first local service. Using the community's coordinates, the allotment complies with the Commission's minimum mileage separation and principal community coverage requirements. See attached engineering study. Therefore, the public interest would be served by the allotment of a first local service to the community of Northome.

PNB hereby states that, in the event the Commission grants this proposal and allots Channel 291A to Northome, PNB will promptly file an application for that facility, and, in the event its application is granted, will promptly construct its station after grant.

Accordingly, in view of the above, PNB respectfully requests that the Commission amend its Table of Allotments to allot Channel 291A to Northome, Minnesota as that community's first local service.

Respectfully submitted,

PHARRNORTH RADIO
